PET APPLICATION

Owners of North Passage units, and renters, but only if their lease is for longer than 2 months, may keep a household pet in their North Passage unit provided authorization of the Association is obtained in advance.

The authorization may be revoked for failure to comply with the requirements of the Pets section of North Passage Rules and regulations or the requirements set forth below.

If the pet will be taken outside the unit, it must be kept on a leash at all times and must not be permitted to relieve itself on any part of the North Passage land areas. Sanitary disposal of pet excrement being a requisite, the pet's owner or minder is responsible for clean up, not only on North Passage land areas but also on adjacent properties and roads including medians.

Each pet must have a complete and continuing record of all shots and other procedures that are required for licensing. State law prohibits pets inside the pool areas. Compliance is required.
